

## EasyVoc Return Policy for Digital Products

EasyVoc offers digital products, such as the EasyVoc application, for purchase through our website. As digital products are non-tangible goods and cannot be returned once purchased, we do not offer refunds or returns for our digital products.

Before making a purchase, it is important that you understand the features and functionality of the product and ensure it meets your needs. If you have any questions or concerns regarding the product, please contact our support team before making a purchase.

In the event that you experience technical issues with the product, our support team will work with you to resolve the issue to the best of our ability. If the issue cannot be resolved, we may offer a credit or exchange for another product offered by EasyVoc, at our discretion.

This return policy is subject to change at any time, without prior notice. Your purchase of a digital product from EasyVoc constitutes your agreement to this policy. If you do not agree with this policy, please do not purchase our digital products.
